

AWESOME PHOTOS IN THREE STEPS:

THE CONCEPT: let's create your dream shoot!

We can have an idea session together where we pre-plan and decide on all the details that lead to the ultimate success and photos that you will love.

PHOTO SHOOT: where the magic happens!

In the studio, at your home or on location.

THE GRAND REVEAL: we look at the photos together and decide on your favorites.

Maybe you would love an album, some big prints for your walls, digitals, or all three. I can help guide you through the selection process and make it easy.
